## Summary

This documentation will give you, the client, the ability to ask questions and provide any feedback or suggestions if needed.

The Questionnaire will contain up to five questions that will ask for your insight on the website itself. Please view the website before answering these questions. The QA Script is a document that contains questions and answers to some major areas of the website. Please view this document or contact me personally if you have any questions or concerns. The Status Report is a document that contains a check list that highlights items that have been completed, are still in progress, or will be completed at a certain date.

Lastly, the approval page is where you will print your signature as well as the date to proceed with this project. Please let me know if you need further clarification.

## **Q. How should I sign up?**

A. Once you enter the main page of the site, there will be an option in the center of the page right above the footer that says “Get Started.” Once you click on that button, you will be redirected to the sign up page.

## **Q. What is the “Dashboard?”**

A. The dashboard is the home page for the user once they sign up or log in to their account. Feel free to provide any suggestions in regards to the layout or the structure.

## **Q. What is the difference between a standard account and a premium account?**

A. A standard account and a premium account are basically the same, but a premium account will give the users additional features that a standard account will not provide, such as the ability to collect revenue.

# The Anonymous Aspirer | Status Report

- HTML/CSS have been implemented this week.
- There are many errors/bugs that still need to be fixed. Should be fixed by the end of this week.
- Front-end code will be completed by the end of week 6.
- I may add in some JavaScript in the place of PHP for demonstration.
- PHP will be implemented next week!
